

# Résumé

---

Name:	Lanzheng Liu (Zayne)
Github:	<a href="https://github.com/ZayneLiu">https://github.com/ZayneLiu</a>
Email:	<a href="mailto:zayneliu@hotmail.com">zayneliu@hotmail.com</a>

## Education

---

- University of Hertfordshire (UH):
  - [2020 – 2021] MSc Software Engineering.
- Zhongyuan University of Technology (ZUT):
  - [2017 – 2019] Software Technology.

## Employment

---

- Zhongyuan University of Technology Innovation Centre.
  - Full-stack developer. [ 09/2018 – 03/2019 ]
  - C# , Python , Vue.js

## Soft skills

---

- Extremely fast learner with a lot hands on experience in coding.
- Very keen on writing clean, elegant and maintainable code.
- Enthusiastic with excellent problem-solving skills.
- Passionate about new technologies, problem solver.
- Dedicated to learn new skills while sharpening existing ones.
- Good presentation skills.
- Team player, exciting to be part of a team.

## Tech stacks

---

- Fluent in C# , JavaScript/TypeScript , Python3 .
- Other languages ( e.g. Java , Swift , C++ ).
- Unit Testing (xUnit, JUnit, etc.)
- Deep understanding in OOP.

- Linux experiences ( Ubuntu , Debian , etc.), exposure to container Technologies (e.g. Docker ).
- Comfortable with CLI (command-line interface) also with a decent understanding and design capability in GUI.
- Framework wise, I'm extremely comfortable working in Vue.js , .NETCore , Flask , Node.js , etc.

## Tech stacks in depth

---

- Full-Stack Web Development
  - Front-end
    - Vue.js (version 2.x and 3.x).
    - HTML5 , CSS3 , JavaScript ( Sass , Bootstrap )
    - Design tools ( Adobe XD , Photoshop , Sketch , etc.)
  - Back-end
    - REST API ( ASP.Net Core , Flask , Node.js ).
      - Swagger (REST API Documentation).
    - Exposure to GraphQL , Deno .
  - Database
    - No-SQL / Document Database ( MongoDB , CouchDB ).
    - SQL Database ( SQL Server , SQLite ).
    - Key-value Database ( Redis )
- Mobile Development & Desktop Development
  - Exposure to React Native (TypeScript)
  - Xamarin (C#)
  - Electron
  - nw.js
- Web Scraping ( selenium , python-httpx , BeautifulSoup , request )
- Misc.
  - Git / GitHub
  - Azure DevOps
  - Markdown

To be continued...

## At the very end.

---

Coding/Programing is a passion to me rather than it is a job or a skill-set, I'm very interested in learning opportunities, and thrilled to be able learning new skills.

Regards,  
Zayne :)
